No problem, I am sorry you were having trouble with the website.

Do you want us to stop work to give you time to review the information we are sending from the first request and you can decide if you want to proceed with the second request?

Sorry, we were having problems with the website request, and subsequently had a conversation with Vicki Ferguson. It should just be one request for Wyoming and Region 8 tribal CWS SDWA data for atrazine, simazine, and metolachlor.

Thank you.

Linda

Subject: FOIA request

Hi Linda,

We received 2 FOIA requests from you. We finished the first request and then received the second request which was very similar to the first request. The second request may cost us ~\$50. Do you want us to proceed with the second request?

Thank you,
Natalie
